**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

In re Application of

Application No. 09/577,264  
Filed: May 22, 2000  
Attorney Docket No. 0002.12

RECEIVED  
MAR 14 2005  
TECH CENTER 1600/2900

This is a decision on the petition under 37 CFR 1.137(a), filed February 25, 2002, to revive the above-identified application.

The petition is **DISMISSED**.

Any request for reconsideration must be submitted within TWO (2) MONTHS from the mail date of this decision. Extensions of time under 37 CFR 1.136(a) are permitted. The reconsideration request should include a cover letter entitled "Renewed Petition under 37 CFR 1.137(a)." This is **not** a final agency action within the meaning of 5 U.S.C. § 704.

The above-identified application became abandoned for failure to reply in a timely manner to the Notice to File Missing Parts of Application (Notice) mailed August 21, 2000. The Notice set a period for reply of two (2) months from the mail date of the Notice. No extensions of time under the provisions of 37 CFR 1.136(a) were obtained. Accordingly, the above-identified application became abandoned on October 22, 2000. A Notice of Abandonment was mailed on February 11, 2002.

In the absence of any irregularity in the mailing of the Office action, there is a strong presumption that the Office action was properly mailed. In order to overcome this presumption, a petition alleging non-receipt of an Office action must:

- (1) include a statement from practitioner stating that the Office action was not received,
  - (2) attest that a search of the file jacket has been made,
  - (3) attest that a search of all relevant docket records has been made,
  - (4) include a copy of the docket record where the Office action would have been entered had it been received, and
  - (5) include any additional information which may be required by the Commissioner.
- See MPEP 711.03(c)(II).

As to (2), petitioner has failed to state that a search of the file jacket has been performed and that the file jacket does not contain the Notice of Missing Parts.

ABANDONED UNAVIDABLY UNDER 37 C.F.R. §1.137(a)**

Attention: Assistant Commissioner for Patents  
Box DAC  
Washington, D.C. 20231

Dear Sir:

This is a request for reconsideration of the decision mailed on May 03, 2002 dismissing the Petition for Revival of An Application For Patent Abandoned Unavoidably under 37 C.F.R. 1.37(a) filed by the undersigned on February 25, 2002. This request for reconsideration is being submitted within two months from the mail date of the decision mailed on May 03, 2002. No extensions of time are required.

The Applicant's petition was dismissed for failure to affirmatively state that a search of the file jacket was performed and did not contain the Notice of Missing Parts. This renewed petition has been amended to correct this oversight. Please consider the following renewed petition.

**APPLICANT HEREBY PETITIONS FOR REVIVAL OF THIS APPLICATION**

**A. Adequate Showing of Cause of Unavoidable Delay.**

The above-identified application became abandoned for failure to reply in a timely manner to the Notice to File Missing Parts of Application (Notice) mailed August 21, 2000. The Notice set a period of reply of two months from the mail date of the Notice. No extensions of time under the provisions of 37 CFR §1.136(a) were obtained. Accordingly, the above-identified

application became abandoned on October 22, 2000. A Notice of Abandonment was mailed on February 11, 2002.
